This material is not an official Goldman Sachs statement: if there is any discrepancy between this material and your official statement, the official statement should be relied upon. In addition, this report may include positions in the variation margin collateral account, which are not subject to the protections provided by the customer protection rule (Rule 15c3-3 under the Exchange Act of 1934), the Securities Investor Protection Act and any excess SIPC coverage. Credits or positive balances in the variation margin account reflect collateral that has been transferred to you by GS and not Client Money within the meaning given to that term in the FCA Handbook. The effect of this is that such balance will not be segregated from the money of GS and will be by GS in the course of its business and you will rank as a general creditor of GS.
